

OFFICE OF THE CITY MANAGER & EXECUTIVE LEADERSHIP

eThekweni Metropolitan Municipality

PROTOCOL: SCAPUSH PRECISION EXECUTION STANDARD

FROM

Strategic Infrastructure Consortium

EXECUTIVE OVERSIGHT

Phakamile Mbonambi

DIRECTION & PROTOCOL

Sipho Wiseman Khuzwayo

DATE

17 September 2026

1. Consortium Leadership & Governance

Entity	Registration / Role	Leadership
Lwandile Engineering Projects (Pty) Ltd	CIPC 2024/451894/07	Sipho Wiseman Khuzwayo (Director)
Insephe Projects (Pty) Ltd	CIPC 2026/011161/07	Senzo Innocent Mkhize (Director)
Executive Anchor	Strategic Alignment	Phakamile Mbonambi

2. Capital Strategy & Strategic Technology Partners

CAPITAL STRATEGY TARGETS

IDC Public Equity Participation (49%), DMRE Infrastructure Grants, Green Climate Funding.

TECHNOLOGY PARTNERS

Green Mineral S.r.l. & Alseco.

3. Universal Accessibility & Inclusion Engineering

UNIVERSAL ACCESSIBILITY ENGINEERING ENGINE

PHYSICAL & MOBILITY ACCESS

1,200mm thresholds, zero-step grades, and height-adjusted work stations.

SENSORY & DIGITAL INTEGRATION

Voice-guided controls, visual alerts, and automated hydronic balancers.

COMMUNITY WORKFORCE & CAPACITY INCLUSION

Minimum 10% direct operational staffing reserved for persons with disabilities, equipped with adaptive machinery, ergonomic tools, and dedicated technical training pathways.

4. Phase 1 Execution Roadmap (12-Month POC)

Quarter	Objective	Technical & Waste Milestones	Municipal Benefit Verification
Q1 (M1–M3)	Site Civil & Thermal Assembly	Install solar-thermal collectors, micro-digesters, and underfloor hydronic piping.	Zero-grid thermal baselines achieved during initial trials.
Q2 (M4–M6)	Waste Integration & Bio-Stocking	Begin processing municipal organic waste streams; commission closed-loop nursery pods.	Organic waste diverted from landfill; initial zero-mortality cycle run.
Q3 (M7–M9)	Full Biogas Self-Sufficiency	Scale bio-digester output to power 100% of night warming loads at 32°C.	Direct reduction in landfill volume and local grid draw.
Q4 (M10–M12)	Data Audit & Expansion Sign-Off	Audit energy output, growth acceleration (+30%), and zero waste leakage.	Fully verified dossier ready for Metro-wide rollout.
